2024 COLLECTOR CARD PROGRAM

SOME OF THE SECRET SAUCE

Kalan is extremely excited to begin distribution of one of the premier repackaged variety trading card programs in the country.

All trading cards are sourced from authorized retailers and distributors, verified by an expert team in Canada, and inspected through a rigorous authentication process that includes proprietary technology, robotics, and AI systems that are able to detect and destroy cards that don't live up to quality and authenticity standards.

Contents in every pack are randomized from various years and brands showcasing consistently high quality, value, and variety and packed in tear-resistant packaging reducing theft and allowing for unlimited shelf life.
